

Louie's happy home – photos, page FIVE!!

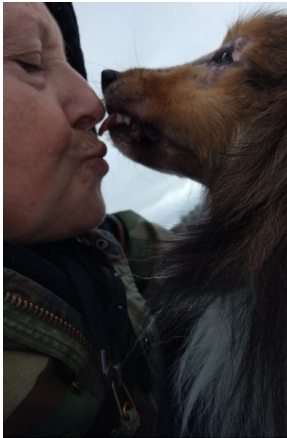

Morning vocals are over for now!! Time to go play!!!

Dad there is a lot of snow! Burr it is cold and we are ready to play in the snow!!

O'H BOY!! Fresh snow!! Off with our leashes

Start my day with kisses from my love, Louie!!

What a way to rest after playing in the snow. I love Gabbee as much as she loves me! My new best friend forever!

Boy am I tired today and Gabbee gave me her blue Ellie to rest my head upon. I will just take a little nap.

I love you Louie and I will keep your orange Ellie with me until later.

*We will love you forever Louie!
You are definitely a great
Charmer that warmed our hearts.*

I just want my 'forrever family" to know that I love you all and have had a great time with all of you. Aunt Martha, I love you too.

Louie, as you travel through your journey we give you our love. You brought us love, laughter, playfullness, and your charm. Until we're together again!!!
